\$20 donation

Call **402-727-3065** or online at <https://fremonttigers.org>

- ALL donations will go toward the \$600,000 renovation of the Nell McPherson Theater, which serves as the hub for live stage productions in our community.
- Over \$100,000 has already been spent to improve the sound system.
- Additional work to be completed includes the installation of a new, digital lighting system, as well as curtains and rigging to replace the nearly 60-year-old current systems!
- The project will bring this wonderful theater up-to-date, and give it life for another 60 years of high school musicals, vocal concerts, band and orchestra concerts, drama productions, the Community Concert series, and the Pathfinder Chorus annual shows!
- This project is being financed to a great degree by private donations, because this facility truly serves the entire Fremont area!
- Help us insure that the sound of music will continue to ring in this place!
